# Directory of Housing Related Support Services

## Introduction

This includes things like 'sofa-surfing,' living in unsuitable accommodation, accessing emergency beds, and sleeping rough. It means facing difficult and traumatic experiences. Homelessness or risk of homelessness can happen, and continue, for many different reasons, including evictions (not necessarily because of any fault of the tenant), relationship/family breakdown, being unable to cope because of experiencing traumas or other support needs, and citizens just not having enough money to keep their home, perhaps because of a job loss or changes to benefits.

Our housing related support services are for citizens 16+ who live in Denbighshire and are homeless or at risk of losing their home. We aim to prevent homelessness wherever possible, collaborating with the community and our partners to identify and tackle its causes, and empower citizens to live as independently as possible.

## What is housing related support?

Housing related support helps citizens to develop or maintain the skills and confidence to live as independently as possible. It can be supported housing (where citizens live in an accommodation-based project, and usually need a bit more support to build their independent living skills) or 'floating support' (where a support worker isn't 'fixed' to any accommodation, so they can work with you in your own home, or if you're currently staying with family, 'sofa-surfing' etc.)

All support is time-limited, usually up to around 6-24 months, depending on individual needs and circumstances. The citizen always leads support, but could include help with things like:

- Achieving safety, security, and better quality of life
- Developing independent living skills
- Taking control of finances, e.g., support with budgeting, addressing arrears, accessing money advice
- Accessing other helpful support and opportunities, including employment /training/education/volunteering

# Directory of Housing Related Support Services

This Directory details all the housing related support services commissioned by the Denbighshire County Council (DCC) Homelessness Prevention Team through the Housing Related Support Program.

## Contact information

You can make a referral for these services by completing the referral form, and sending to:

[spoa@denbighshire.gov.uk](mailto:spoa@denbighshire.gov.uk)

To get help and advice, and to talk through your options, you can also:

Email: [homeless.prevention@denbighshire.gov.uk](mailto:homeless.prevention@denbighshire.gov.uk) / Call: 01824 712099

Contact the Homelessness Prevention Team Monday to Thursday 9am to 5pm, Friday 9am to 4.30pm

You can also contact us from the One Stop Shop or visit one of the Talking Points.

## Homelessness Prevention Pathway

All referrals for housing related support (excluding refuge and emergency beds) must be sent to the Homelessness Prevention Pathway via:

[hppathway@denbighshire.gov.uk](mailto:hppathway@denbighshire.gov.uk)

The Pathway will then match the referral to the most appropriate support project with a vacancy at the time; considering the citizen's needs and wishes and enabling fair and equal access to support. Sometimes a citizen may need to go on to the Pathway's waiting list if there are no current suitable spaces.

They also work to make sure any barriers to accessing the right support are overcome, including coordination multi-agency approaches when needed.

## **Young Peoples Positive Pathway**

This is a partnership between the Homelessness Prevention Team, Children's Services and Youth Justice. The Project works with all young citizens (from 16 up to 25 years old) who contact DCC when they are homeless or at risk of homelessness.

## **Homelessness Prevention Officers (HPO's)**

The HPOs work with citizens who are homeless or at risk of losing their home, to help them prevent homelessness or find suitable accommodation.

If a citizen is homeless now, or at risk of homelessness within the next 56 days (when there are usually legal duties to offer help), HPOs will work with that citizen to complete an assessment to find out what support might be available and best suit their needs and circumstances.

They will then work with them on their Personal Housing Plan to prevent or end their homelessness. The HPOs work closely with housing related support projects to provide the best support offer for each citizen.

## **Temporary Accommodation and Tenancy Sustainment**

The Council have a duty to provide accommodation for citizens in certain circumstances, or who have certain support needs. This depends on the outcome of the assessment with the HPOs, as above.

The Temporary Accommodation and Tenancy Sustainment Officers work closely with landlords to make sure that accommodation is of a good standard and suitable for citizens with a range of needs.

They also offer support when citizens move on into their own accommodation, to ensure the new tenancy is successful and sustainable.

## Homelessness Prevention Triage Officers

The Triage Officers are the first point of contact for all homelessness presentations, SARTH applications and advice sought. They ensure that all referrals into the Homelessness Prevention Team (HPT) are triaged to identify the most effective pathway for support. The Triage Officers deliver accurate advice, signposting, referrals and information to citizens and professionals.

## SARTH (Assessment Officers)

Denbighshire operates a Single Access Route To Housing (SARTH) service, which means applicants will only have to make one application to go on the Housing Register and not one to each housing provider.

The SARTH is shared by all social housing providers in Denbighshire including:

- Denbighshire County Council
- Denbighshire Housing
- Grŵp Cynefin
- Clwyd Alyn
- North Wales Housing
- Wales and West Housing
- ADRA
- Cartrefi Conwy

The SARTH Assessment Officers will assess your housing need depending on your circumstances and prioritise your housing need into one of the four bands.

If you don't have a housing need recognised in the banding scheme, the team can offer you advice which covers a whole range of affordable housing options, including social housing, private rented accommodation, home ownership and other available alternatives in Denbighshire.
